What's New This Year?

New Products! - This year we have a new addition to our product line - *Cashew Thunder*. This new item is only available in an 10oz. trial size. Also you can now get Jalapeno Cheese in its own 8oz. tin. Also new this year is the *Popcorn Sundae Kit*.

You no longer have to order by cases. This year your unit will be able to order by individual containers rather than by cases. This will eliminate having to order extra corn.

Dates - Be sure to pay close attention to the new deadline dates! There are new dates and times during this year's popcorn season, so plan accordingly.
